January 22, 2008

Dr. Corazon G. Gemil
President
UST Med '67
301 Westtown Way
West Chester, PA 19382

Dear Dr. Gemil:

On behalf of the UST Medical Alumni Association in America and its Foundation, I would like to thank UST Medicine '67 for your very generous donation of \$ 25,000, which was sent to the USTMAAA Executive Office on 12/15/07. Your support and commitment to the charitable goals of the Foundation are worthy of emulation and is deeply appreciated.

Our Alma Mater is indeed grateful and proud of your generous organization. Through your continued support and that of other alumni, the UST Foundation Fund has grown to over 3.1 million dollars. The interest incomes from this endowment fund are distributed annually in support of the UST Faculty of Medicine & Surgery, the UST Hospital and its indigent patients, educational scholarships and teachers' recognition awards, medical missions, and other projects that are presented to the Foundation for funding. Recently, because of the never ending needs back home, our Foundation Board has elevated the fund raising goal to 5.0 million dollars by 2011.

According to the USTMAAA & Foundation Constitution and By-Laws, your organization is inducted into the Dean's Circle. You or your designate are entitled to a seat in the Board of Directors. Together with about 20 other Board members, UST Med '67 will participate in the management of the business of the Foundation. We would appreciate if you would provide us the name and contact information of your representative so that our Executive Office will be able to send out timely communication.
